INDEPENDENT AUDITOR'S REPORT

The Honorable President Members of the Board of Park Commissioners Westmont Park District Westmont, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Westmont Park District, Westmont, Illinois (the District), as of and for the year ended May 31, 2022, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Westmont Park District, Westmont, Illinois as of May 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the supplemental data but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES

For the Year Ended May 31, 2022

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ 5,235,765
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures; however, they are capitalized and depreciated in the statement of activities	891,193
Some expenses in the statement of activities (e.g., depreciation) do not require the use of current financial resources and, therefore, are not reported as expenditures in the government funds	(415,616)
Loss on refunding associated with the issuance of long-term debt is capitalized and amortized in the statement of activities	(34,925)
The accretion on capital appreciation bonds is not a current financial resource of governmental funds	(303,928)
The issuance of long-term debt is reported as an other financing source in governmental funds but as an increase of principal outstanding in the statement of activities	(6,097,359)
The premium on issuance of long-term debt is capitalized and amortized in the statement of activities	(233,181)
The repayment of long-term debt is reported as an expenditure when due in governmental funds but as a reduction of principal outstanding in the statement of activities	
Principal payment	2,085,430
The change in accrued interest payable on long-term debt is reported as an expense on the statement of activities	21,320
The change in compensated absences liability is reported as an expense on the statement of activities	(4,732)
The change in the net pension liability for the Illinois Municipal Retirement Fund is reported only in the statement of activities	1,025,305
The change in deferred outflows and inflows of resources for the Illinois Municipal Retirement Fund is reported only in the statement of activities	(589,515)
The change in total OPEB liability is reported as an expense on the statement of activities	 38,367
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$ 1,618,124

See accompanying notes to financial statements.

NOTES TO FINANCIAL STATEMENTS

May 31, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Westmont Park District, Westmont, Illinois (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

a. Reporting Entity

The District is duly organized and existing under the provisions of the laws of the State of Illinois and is operating under the provisions of the Park District Code of the State of Illinois, approved July 8, 1947, and all laws amendatory thereto. The District is governed by an elected board of five District Commissioners. The District (the primary government) includes all funds of its governmental operations and its component units, entities for which the District is considered to be financially accountable. Financial accountability includes appointment of the District's governing body, imposition of will and fiscal dependency. There are no component units for which the District accountability.

The District, eight other contiguous park districts and two municipalities have entered into a joint agreement to provide cooperative recreational programs and other activities for handicapped and impaired individuals. Each agency shares equally in the South East Association for Special Parks and Recreation (SEASPAR) and generally provides funding. The District contributed \$135,470 to SEASPAR during the current fiscal year.

b. Fund Accounting

The District uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

b. Fund Accounting (Continued)

A fund is a separate accounting entity with a self-balancing set of accounts. The following fund categories are used by the District:

Governmental funds are used to account for all or most of a district's general activities, including the collection and disbursement of restricted or committed monies (special revenue funds), the funds committed, restricted or assigned for acquisition or construction of general capital assets (capital projects funds), the funds committed, restricted or assigned for servicing of general long-term debt (debt service funds) and the management of funds held in trust that can be used for governmental services (permanent fund). The General Fund is used to account for all activities of the general government not accounted for in some other fund.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. The effect of material interfund activity has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, if any, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those accounted for in another fund.

c. Government-Wide and Fund Financial Statements (Continued)

The Recreation Fund accounts for the operation of the District's recreation programs, golf course and fitness club and is financed by a specific restricted annual property tax levy to the extent assigned user charges are not sufficient.

The Recreation for Handicapped Fund accounts for the expenditures in connection with the District's participation in the SEASPAR, which provides recreational programs for individuals with disabilities. Financing is provided by a specific restricted annual property tax levy. The District has elected to present this fund as major.

The Debt Service Fund is used to account for the payment of principal and interest on the District's general obligation bonds. Financing is provided by a specific restricted annual property tax levy.

The Capital Projects and Capital Replacement Funds account for the acquisition and construction of major capital facilities. The District has elected to report the Capital Projects Fund as a major fund.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, usually 60 days. The District recognizes property taxes when they become both measurable and available in the year intended to finance. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.

Those revenues susceptible to accrual are property taxes, replacement taxes, licenses, interest revenue and charges for services.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

In applying the susceptible to accrual concept to intergovernmental revenues (i.e., federal and state grants), the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the District; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are generally revocable only for failure to comply with prescribed eligibility requirements. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criterion.

The District reports unearned revenue and unavailable/deferred revenue on its financial statements. Unavailable/deferred revenues arise when a potential revenue does not meet both the measurable and available or the year intended to finance criteria for recognition in the current period. Unearned revenue arises when a revenue is measurable but not earned under the accrual basis of accounting. Unearned revenues also arise when resources are received by the District before it has a legal claim to them or prior to the provision of services, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when the District has a legal claim to the resources, the liability and deferred inflows of resource for unearned and unavailable/deferred revenue are removed from the financial statements and revenue is recognized.

e. Cash and Investments

Investments

The District categorizes the fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Non-negotiable certificates of deposit and investments with maturity of less than one year at date of purchase are stated at amortized cost. Investments with a maturity greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The District does not have any investments subject to fair value measurement.

f. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the fund financial statements, are offset by nonspendable fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

g. Prepaid Items/Expenses

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses. Expenditures are recognized on the consumption method in governmental funds.

h. Capital Assets

Capital assets, which include property and plant and equipment, are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Property, plant and equipment are depreciated/amortized using the straight-line method over the following estimated useful lives:

	Years
Buildings	30
Building improvements	30
Park shelters	10-15
Park improvements	10-15
Vehicles	7-10
Equipment	5-10
Intangible assets	7

i. Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The District allows unlimited accumulation of sick leave. Upon separation or retirement, employees do not receive any payment for unused sick time; therefore, no liability is recorded for these amounts.

Vested or accumulated vacation leave are reported as an expenditure and a fund liability of the governmental fund that will pay it once retirement or separation has occurred. Vested or accumulated vacation leave of governmental activities at the government-wide level is recorded as an expense and liability as the benefits accrue to employees.

j. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

k. Fund Balances/Net Position

In the fund financial statements, governmental funds report nonspendable fund balance for amounts that are either not in spendable form or are legally or contractually required to be maintained intact. Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose, or externally imposed by outside entities or from enabling legislation adopted by the District. Committed fund balance is constrained by formal actions of the District's Board of Commissioners, which is considered the District's highest level of decision-making authority. Formal actions include ordinances approved by the Board of Commissioners. Assigned fund balance represents amounts constrained by the District's intent to use them for a specific purpose. The authority to assign fund balance has been delegated to the Executive Director. Any residual fund balance in the General Fund and any deficit fund balance of any other governmental fund are reported as unassigned.

k. Fund Balances/Net Position (Continued)

The District has not adopted a flow of funds policy and, therefore, applies the flow of funds from GASB Statement No. 54, which prescribes that the funds with the highest level of constraint are expended first. If restricted or unrestricted funds are available for spending, the restricted funds are spent first. Additionally, if different levels of unrestricted funds are available for spending, the District considers committed funds to be expended first followed by assigned and then unassigned funds. For net position, restricted funds are spent first then unrestricted funds.

In the government-wide financial statements, restricted net position is legally restricted by outside parties for a specific purpose. None of the District's restricted net position resulted from enabling legislation adopted by the District. Net investment in capital assets is the book value of capital assets less any outstanding long-term debt that was issued to construct or acquire the capital assets.

1. Accounting Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

m. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

n. Adoption of Accounting Standards

The District has elected to implement GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*, which was issued to provide temporary relief to governments and other stakeholders due to the COVID-19 pandemic. This provides for the postponement of the implementation of GASB Statement No. 87, *Leases*, to May 31, 2023.

2. DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the District's funds.

The District's investment policy authorizes the District to invest in all investments allowed by Illinois Compiled Statutes. These include deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, The Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value) and the Illinois Metropolitan Investment Fund (IMET), a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET's share price, the price for which the investment could be sold. The District's investment policy does limit its deposits to financial institutions that are members of the FDIC system and are capable of posting collateral for amounts in excess of FDIC insurance.

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants,* and thus, reports all investments at amortized cost rather than fair value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, legality, safety of principal, liquidity and rate of return.

2. DEPOSITS AND INVESTMENTS (Continued)

a. Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the District, an independent third party or the Federal Reserve Bank of Chicago.

b. Investments

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the District limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market.

Credit risk is the risk that the issuer of a debt security will not pay its par value upon maturity. The District limits its exposure to credit risk by primarily investing in certificates of deposit.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the District will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the District's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by an independent third-party custodian and evidenced by safekeeping receipts and a written custodial agreement.

Concentration of credit risk is the risk that the District has a high percentage of its investments invested in one type of investment. The District's investment policy requires diversification of investments to avoid unreasonable risk. Short-term corporate obligations will not exceed 90% of limit allowed by Illinois law; no further specific limitations are imposed.

3. PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1, 2021 on property values assessed as of the same date. Taxes are levied by December of the fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and issued on or about May 1, 2022 and August 1, 2022 and are payable in two installments, on or about June 1, 2022 and September 1, 2022. The County collects such taxes and remits them periodically.

3. PROPERTY TAXES (Continued)

The 2022 tax levy, which attached as an enforceable lien on property as of January 1, 2022, has not been recorded as a receivable as of May 31, 2022 as the tax has not yet been levied by the District and will not be levied until December 2022 and, therefore, the levy is not measurable at May 31, 2022.

4. CAPITAL ASSETS

Capital asset activity for the year ended May 31, 2022 was as follows:

	Balances June 1, Restated Increases		Decreases			Balances May 31	
GOVERNMENTAL ACTIVITIES							
Capital assets not being depreciated/amortized							
Land	\$	16,787,880	\$ 560,000	\$	-	\$	17,347,880

GOVERNMENTAL ACTIVITIES							
CAPITAL ASSETS, NET	\$	21,004,617	\$ 475,577	\$	-	\$	21,480,194

4. CAPITAL ASSETS (Continued)

Depreciation/amortization expense was charged to functions/programs of the primary government as follows:

GOVERNMENTAL ACTIVITIES Recreation	\$ 415,616
TOTAL DEPRECIATION/AMORTIZATION EXPENSE - GOVERNMENTAL ACTIVITIES	\$ 415,616

5. RISK MANAGEMENT

The District is exposed to various risks of loss to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; and natural disasters.

These risks are provided for through participation in two public entity risk pools as follows:

a. Illinois Parks Association Risk Services

The District is a member of Illinois Parks Association Risk Services (IPARKS), a self-insurance pool initiated by the Illinois Association of Park Districts. The IPARKS program is designed to provide Illinois Association of Park District member agencies with those coverages necessary to properly protect their assets. The following is a summary of the coverage in effect for the plan year ended May 31, 2022:

Comprehensive General Liability

Limits

Bodily injury, property damage, personal injury	
and advertising liability	\$15,000,000/occurrence
Premises medical payments	\$5,000/person
Legal liability - real and personal	\$15,000,000/each claim
Broad legal defense	75% of payment each
	claim/annual aggregate
Cyber liability	\$250,000/each claim and
	\$250,000/aggregate
Moral obligation to pay	50% of payment each
	claim/annual aggregate

5. **RISK MANAGEMENT (Continued)**

a. Illinois Parks Association Risk Services (Continued)

Public Official's and Employee's Liability

Limits

\$15,000,000 each/claim \$1,000 deductible/claim

Automobile Liability and Physical Damage

\$15,000,000/occurrence
\$5,000/person
\$15,000,000/occurrence
\$40,000/occurrence

As a participant in IPARKS, the District is subject to additional assessments for claims activity in excess of premiums previously paid by IPARKS and is eligible for dividends for premiums in excess of claims. During the year ended May 31, 2022, no dividends were declared. There were no additional assessments during the year.

b. Intergovernmental Personnel Benefit Cooperative

The District participates in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs (primarily medical, dental and life insurance coverage) offered by these members to their officers and employees and to the officers and employees of certain other governmental, quasi governmental and nonprofit public service entities.

IPBC receives, processes and pays such claims as may come within the benefit program of each member. Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers: a Benefit Administrator and a Treasurer. The District does not exercise any control over the activities of IPBC beyond its representation on the Board of Directors.

5. **RISK MANAGEMENT (Continued)**

c. Workers' Compensation Insurance

The District has purchased a workers' compensation insurance policy that provides insurance coverage for employee on-the-job accidents and employee claims and lawsuits which can arise under the Illinois Workers' Compensation Laws.

Workers' Compensation

Limits Employers' liability

\$3,000,000/occurrence

There has been no significant reduction in coverage in any program from coverage in the prior year. Settled claims have not exceeded coverage in the current or prior two fiscal years.

6. LONG-TERM DEBT

The District issues general obligation bonds to finance the purchase of major capital items and the acquisition or construction of major capital facilities.

a. General Obligation Bonds

General obligation bonds are backed by the full faith and credit of the District. Funds for repayment of this debt will be provided by future tax levies or funds available in the debt service fund.

The following is a summary of changes in general obligation bonds recorded in general long-term debt of the District for the year ended May 31, 2022:

Issue	Fund Debt Retired by	Balances June 1	Issuances/ Accretion	Retirements/ Refunding	Balances May 31	Due Within One Year
\$737,025 General Obligation Capital Appreciation Bonds, Series 2003A (Alternate Revenue Source) dated December 3, 2003, due in installments of \$685,000 on December 1, 2021 to December 1, 2023. The bonds are capital appreciation bonds, issued at a discount and maturing at par value (\$2,055,000). Interest accretes semiannually on June 1 and December 1 each year until matured at rates from 5.40% to 5.60%.	Debt Service	\$ 1,895,648	\$ 86,933	\$ 685,000	\$ 1,297,581	\$ 685,000

a. General Obligation Bonds (Continued)

Issue	Fund Debt Retired by	Balances June 1	Issuances/ Accretion	Retirements/ Refundings	Balances May 31	Due Within One Year
 \$1,049,536 General Obligation Capital Appreciation Bonds, Series 2007A (Alternate Revenue Source) dated December 5, 2007, due in installments of \$685,000 on December 1, 2024 to December 1, 2027. The bonds are capital appreciation bonds, issued at a discount and maturing at par value (\$2,740,000). Interest accretes semiannually on June 1 and December 1 each year until matured at rates from 5.20% to 5.33%. General Obligation Limited Tax Park Bonds, Series 2020, dated November 24, 2020 - original principal balance of \$927,000, due on November 30, 2021 with interest at 0.85%. 	Debt Service Debt Service	\$ 2,115,485 927,000	\$ 112,838	\$ -	\$ 2,228,323	\$-
\$3,874,625 General Obligation Capital Appreciation Bonds, Series 2021 (Alternate Revenue Source) dated March 17, 2021, due in installments of \$575,000 on December 1, 2028 to December 1, 2028 to December 1, 2036 and a payment of \$155,000 on December 1, 2037. The bonds are capital appreciation bonds, issued at a discount and maturing at par value (\$5,330,000). Interest accretes semiannually on June 1 and December 1 each year until matured at rates from 2.13% to 3.21%.	Debt Service	3,896,343	104,157	-	4,000,500	-
General Obligation Limited Tax Park Bonds, Series 2021, dated November 30, 2021 - original principal balance of \$942,665, due on November 30, 2022 with interest at 0.625%.	Debt Service		942,665		942,665	942,665

a. General Obligation Bonds (Continued)

Issue	Fund Debt Retired by	Balances June 1	Issuances/ Accretion	 etirements/ Refundings	Balances May 31	-	Due Within One Year
General Obligation Park Bonds Series 2022, (Alternate Revenue Source), dated April 5, 2022 - original principal balance of \$4,745,000 due in annual installments of \$90,000 to \$520,000 on December 1, 2022 through December 1, 2047, with interest payable semiannually at rates from 3.00% to 4.00%.	Debt Service	\$ 	\$ 4,745,000	\$ 	\$ 4,745,000	\$	90,000
TOTAL		\$ 8,834,476	\$ 5,991,593	\$ 1,612,000	\$ 13,214,069	\$	1,717,665

The alternate revenue bonds and the interest thereon are limited obligations of the District payable solely from the pledged revenues and pledged taxes. The pledged revenues are principal proceeds received by the District from time-to-time from the issuance of its general obligation bonds or notes to the fullest extent permitted by law, including Section 6-4 of the Park Code and such other funds of the District as may be necessary and on hand from time-to-time and lawfully available for such payment. Pledged taxes are ad valorem property taxes upon all taxable property. This pledge will remain until all bonds are retired or mature as disclosed above.

b. Installment Contract - Direct Placement

The District has issued an installment contract to provide funds for the purchase of a light structure and the purchase of real property. On June 30, 2021, the District refinanced the \$409,694 installment contract for real property. The note is due June 30, 2023 with interest payable at 1.75%. The installment contracts were issued directly to a bank.

b. Installment Contract - Direct Placement (Continued)

Issue	Fund Debt Retired by	F	Balances June 1	I	ssuances	 etirements/ efinancing	-	Balances May 31	Current Portion
2019 Installment Loan due in semiannual installments of \$29,954 to \$31,217, with a final payment of \$440,901 plus interest at 2.75% through June 30, 2021.	General Fund	\$	440,901	\$	-	\$ 440,901	\$	-	\$ -
2021 Installment Loan due in semiannual installments of \$32,529 to \$33,101, with a final payment of \$311,250 plus interest at 1.75% through June 30, 2023.	General Fund				409,694	32,529		377,165	65,915
TOTAL		\$	440,901	\$	409,694	\$ 473,430	\$	377,165	\$ 65,915

c. Debt Service Requirements to Maturity

The annual requirements to amortize to maturity capital appreciation bonds outstanding as of May 31, 2022 are as follows:

Year Ending May 31,	Principal	ł	Interest Accretion
2022	\$ 685,000	\$	270 709
2023		Ф	279,798
2024	685,000		253,537
2025	685,000		226,937
2026	685,000		199,834
2027	685,000		170,917
2028	685,000		140,097
2029	575,000		119,422
2030	575,000		109,723
2031	575,000		98,858
2032	575,000		87,174
2033	575,000		74,469
2034	575,000		60,703
2035	575,000		45,982
2036	575,000		30,253
2037	575,000		13,476
2038	155,000		2,416
TOTAL	\$ 9,440,000	\$	1,913,596

c. Debt Service Requirements to Maturity (Continued)

The annual debt service requirements to amortize the general obligation bonds are as follows:

Year Ending								
May 31,		Principal		Interest	Total			
2023	\$	1,032,665	\$	119,869	\$ 1,152,534			
2024		-		170,263	170,263			
2025		-		170,263	170,263			
2026		-		170,263	170,263			
2027		-		170,263	170,263			
2028		-		170,263	170,263			
2029		-		170,263	170,263			
2030		-		170,263	170,263

*There was a net pension asset related to IMRF as of May 31, 2022.

7. OTHER POSTEMPLOYMENT BENEFITS

Plan Description

In addition to providing the pension benefits described, the District provides other postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual, except for the implicit subsidy which is governed by the State Legislature and Illinois Compiled Statues (ILCS). No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The plan does not issue a separate report.

Benefits Provided

The District provides postemployment health care and life insurance benefits to its retirees. To be eligible for implicit benefits, an employee must qualify for retirement under the District's retirement plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the District and can be amended by the District through its personnel manual. The retirees pay 100% of the blended premium. Certain benefits are controlled by state laws and can only be changed by the Illinois Legislature. The activity of the plan is reported in the District's governmental activities.

a. Membership

At May 31, 2022, membership consisted of:

Active employees fully eligible Active employees not yet eligible	18 2
Retired plan members TOTAL	
Participating employers	1

b. Total OPEB Liability

The District's total OPEB liability of \$117,298 was measured as of May 31, 2022 and was determined by an actuarial valuation as of June 1, 2021.

7. OTHER POSTEMPLOYMENT BENEFITS (Continued)

c. Actuarial Assumptions and Other Inputs

The total OPEB liability at May 31, 2022, as determined by an actuarial valuation as of June 1, 2021, was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified. The total OPEB liability was rolled forward by the actuary using updating procedures to May 31, 2022, including updating the discount rate at May 31, 2022, as noted below.

Actuarial cost method	Entry-age normal
Actuarial value of assets	Not applicable
Inflation	2.25%
Salary increases	2.50%
Discount rate	3.16%
Healthcare cost trend rates	6.60% to 5.00% initial and ultimate

The discount rate was based on the index rate for tax-exempt general obligation municipal bonds rated AA or better at May 31, 2022. The discount rate was increased from 2.20% to 3.16% at May 31, 2022.

Mortality follows PubG=2010(B) improved generationally using MP-2020 Improvement Rates, weighted per IMRF Experience Study Report dated December 14, 2020.

The actuarial assumptions used in the June 1, 2021 valuation are based on 30% participation assumed, with 50% electing spouse coverage.

7. OTHER POSTEMPLOYMENT BENEFITS (Continued)

d. Changes in the Total OPEB Liability

	Total OPEB Liability		
BALANCES AT JUNE 1, 2021	\$	155,665	
Changes for the period			
Service cost		3,265	
Interest		3,277	
Difference between expected			
and actual experience		-	
Changes in benefit terms		-	
Changes in assumptions		(31,462)	
Benefit payments		(13,447)	
Net changes		(38,367)	
BALANCES AT MAY 31, 2022	\$	117,298	

There was a change in assumptions related to mortality rates, mortality improvement rates, retirement rates, termination rates, disability rates and the discount rate made in 2022.

e. Rate Sensitivity

The following is a sensitivity analysis of the total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the District calculated using the discount rate of 3.16% as well as what the District total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.16%) or 1 percentage point higher (4.16%) than the current rate:

	Current							
	1%	Dis	count Rate	1	% Increase			
	(2.16%)		((3.16%)	(4.16%)			
Total OPEB liability	\$	129,510	\$	117,298	\$	107,169		

7. OTHER POSTEMPLOYMENT BENEFITS (Continued)

e. Rate Sensitivity (Continued)

The table below presents the total OPEB liability of the District calculated using the healthcare rate of 6.60% to 5.00% as well as what the District's total OPEB liability would be if it were calculated using a healthcare rate that is 1 percentage point lower (5.60% to 4.00%) or 1 percentage point higher (7.60% to 6.00%) than the current rate:

				Current			
	19	6 Decrease	He	ealthcare Rate	1% Increase		
	(5.60% to 4.00%) (6.60% to 5.00%				(7.60% to 6.00%		
Total OPEB liability	¢	105,737	¢	117,298	\$	131,059	
Total OPED Hability	φ	103,737	Φ	117,298	Φ	151,059	

For the year ended May 31, 2022, the District recognized OPEB expense (income) of \$(38,367).

8. INTERFUND ACTIVITY

8. INTERFUND ACTIVITY (Continued)

a. Transfers (Continued)

The purpose of significant transfers is as follows:

- The Recreation for Handicapped Fund transferred \$6,472 to the Recreation Fund for recreational operations.
- The Capital Replacement Fund transferred \$327,665 to the Capital Project Fund for park improvements.
- The Debt Fund transferred \$5,114,960 to the Capital Replacement Fund for capital improvements.
- The General Fund transferred \$90,000, \$10,000, \$10,000, \$70,000 and \$20,000 in surplus funds to the Illinois Municipal Retirement Fund, Audit Fund, Liability Insurance Fund, Social Security Fund and Park Supervisors Fund, respectively, to subsidize cash shortages.

9. EMPLOYEE RETIREMENT SYSTEMS

Illinois Municipal Retirement Fund

The District's defined benefit pension plan, Illinois Municipal Retirement Fund (IMRF), provides retirement, disability, annual cost of living adjustments and death benefits to plan members and beneficiaries. IMRF is an agent multiple-employer pension plan that acts as a common investment and administrative agent for local governments and school districts in Illinois. The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly. IMRF issues a publicly available financial report that includes financial statements and supplementary information for the plan as a whole but not by individual employer. That report may be obtained online at www.imrf.org.

Plan Administration

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Illinois Municipal Retirement Fund (Continued)

Plan Membership

At December 31, 2021, IMRF membership consisted of:

Inactive employees or their beneficiaries	
currently receiving benefits	36
Inactive employees entitled to but not yet	
receiving benefits	35
Active employees	29
TOTAL	100

Benefits Provided

IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011 are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. Employees hired on or after January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Contributions

Participating members are required to contribute 4.50% of their annual covered salary to IMRF. The District is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution rate for the fiscal year ended May 31, 2022 was 12.70% of covered payroll.

Illinois Municipal Retirement Fund (Continued)

Actuarial Assumptions

The District's net pension liability (asset) was measured as of December 31, 2021 and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2021
Actuarial cost method	Entry-age normal
Assumptions Inflation	2.25%
Salary increases	2.85% to 13.75%
Interest rate	7.25%
Asset valuation method	Fair value

For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

Discount Rate

The discount rate used to measure the total pension liability was 7.25% at December 31, 2020 and 2021. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the District contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. rate. Based on those assumptions, the District's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended May 31, 2022, the District recognized pension expense (income) of \$(279,996). At May 31, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

	Ou	Deferred utflows of esources	Deferred Inflows of Resources
Difference between expected and actual experience Changes in assumption	\$	69,662	\$- 14,751
Net difference between projected and actual earnings on pension plan investments Employer contributions after the measurement date		- 59,092	1,194,264
TOTAL	\$	128,754	\$ 1,209,015

The \$59,092 contributed after the measurement date of the plan will be recognized in pension expense for the fiscal year ending May 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to IMRF will be recognized as pension expense by the District as follows:

Fiscal Year Ending May 31,	
2023 2024 2025 2026 2027	\$ (217,733) (448,740) (292,773) (180,107)
TOTAL	\$ (1,139,353)

Illinois Municipal Retirement Fund (Continued)

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability (asset) to changes in the discount rate. The table below presents the net pension liability (asset) of the District calculated using the discount rate of 7.25% as well as what the District's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

		Current				
	1%	Decrease	1% Increase			
	((6.25%)		(7.25%)	(8.25%)	
Net pension liability (asset)	\$	197,250	\$	(775,244)	\$ (1,585,974)	

10. CONTINGENT LIABILITIES

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time; although, the District expects such amounts, if any, to be immaterial.

11. SUBSEQUENT EVENTS

On November 9, 2022, Ordinance No. 2022-8 was approved, providing for the issuance of approximately \$90,000 Taxable General Obligation Limited Park Bonds, Series 2022B, to provide the revenue source for the payment of certain outstanding bonds of the District.

On November 9, 2022, Ordinance No. 2022-9 was approved, providing for the issuance of approximately \$990,000 General Obligation Limited Park Bonds, Series 2022C, for the payment of land for parks, for the building, maintaining, improving and protecting of the same and existing land and facilities of the District, and to provide the revenue source for the payment of certain outstanding bonds of the District.

Notes to Required Supplementary Information

The information presented was determined as part of the actuarial valuations as of January 1 of the prior fiscal year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was entry-age normal; the amortization method was level percent of pay, closed and the amortization period was 22 years; the asset valuation method was at market value; and the significant actuarial assumptions were an investment rate of return at 7.25% annually, projected salary increases of 3.35% to 14.25% compounded annually, and inflation of 2.50%.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

Notes to Required Supplementary Information							

Changes in assumptions related to salary rates, price inflation, retirement age, and mortality rates in 2020

Changes in assumptions with respect to the discount rate were made in 2015, 2016 and 2018.

Changes in assumptions related to price inflation, salary increases, retirement age and mortality rates were made in 2017.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

Notes to Required Supplementary Information

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

There was a change in assumptions related to mortality rates, mortality improvement rates, retirement rates, termination rates, disability rates and the discount rate made in 2022.

There was a change in the discount rate assumption in 2019, 2020 and 2021.

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

May 31, 2022

BUDGETARY INFORMATION

The general, special revenue, debt service and capital projects funds have legally adopted annual budgets. The District follows these procedures in establishing the budgetary data reflected in the financial statements:

- a. The Combined Budget and Appropriation Ordinance is prepared in tentative form by the District and is made available by the Park Secretary for public inspection 30 days prior to final Board of Commissioners action.
- b. A public hearing is held on the tentative Combined Budget and Appropriation Ordinance to obtain taxpayer comments.
- c. The Combined Budget and Appropriation Ordinance must be enacted into law prior to the end of the first quarter of the fiscal year (August 31).
- d. All appropriations lapse at year end. Expenditures may not exceed appropriations at the fund level; however, the Board of Commissioners may:

Amend the Budget and Appropriation Ordinance in the same manner as its original enactment.

Transfer between items of any fund, not exceeding in the aggregate ten percent (10%) of the total amount appropriated in such fund.

After six months of the fiscal year, by two-thirds vote transfer any appropriation item it anticipated to be unexpended to any other appropriation item.

Budgets for the general, special revenue, debt service and capital projects funds are adopted on a basis of anticipated revenues to be received and expenditures to be incurred, which basis does not differ materially from the modified accrual basis of accounting.

Budget amounts are as amended by the Board of Commissioners. During the fiscal year, there was one amendment to the budget.

As of May 31, 2022, the following funds had actual expenditures over budget:

Fund	Budgeted Expenditures	Actual Expenditures
General Fund	\$ 2,071,500	\$ 2,404,189
Debt Service Fund	1,627,602	1,726,397
Golf Course Subfund	461,300	509,100

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

MAJOR GOVERNMENTAL FUNDS

General Fund - to account for resources which are not accounted for in another fund.

Recreation Fund - to account for the operation of the District's recreation programs, golf course and fitness club and is financed by a specific restricted annual property tax levy to the extent user charges are not sufficient.

Recreation for Handicapped Fund - to account for the expenditures in connection with the District's participation in the SEASPAR, which provides recreational programs for individuals with disabilities. Financing is provided by a specific restricted annual property tax levy.

Debt Service Fund - to accumulate money for payment of general obligation bond issues. Financing is provided by a specific restricted annual property tax levy and transfers from other funds.

Capital Projects Fund - to account for financial resources to be used for the acquisition or construction of major capital facilities.

Capital Replacement Fund - to account for the acquisition and construction of major capital facilities.
