a. James Long Park Satellite Garage and DCEO Grant

Bob informed the Board that free warehouse space has been secured across the street from Ty Warner Park, providing space to store maintenance equipment. This space currently serves as storage for Ty Inc. Bob presented interior and exterior pictures, explaining this is very similar square footage to the garage we planned to build. A Letter of Understanding with Ty Inc. CFO will be executed next week. Bob explained that Board action is required if we are going to withdraw from the \$100,000 DCEO Grant. Bob assured the Board there would be no penalty for withdrawal.

Bob then recommended proceeding with repair of the James Long Park parking lot, and relocating the dumpsters behind a locked gate. He explained that we will go to bid and paving companies can bid directly, eliminating a general contractor. Rough cost is \$250,000 and will include full depth removal, followed by a new base, paving and striping. The dumpsters will be relocated in an enclosure on the north side of the parking lot. Bob requested direction, assuring the Board we have \$250,000 in the budget for this project. Following discussion and review of the satellite map, the Board agreed to proceed with the James Long Park parking lot repair project.

b. Playground Replacement Options for Ty Warner Park

Following Board request at Budget Workshop regarding different options for the 5 to 10-year-old playground at Ty Warner Park, Bob provided pictures and pricing. Following review, the Board agreed to option 2 or 3 from Landscape Structures, at a cost of \$250,000. In addition, the Board advised to include ADA options.

c. Financial Policy

Bob referenced the updated draft policy included in the packet. According to Bob, our legal counsel simplified it, and much of the language includes State law and Illinois Park Code. However, there are spending limits for the Board to consider. The Board began discussion, addressing staff authorization levels for purchases, and executive director purchasing limits. Though the draft policy states the executive director has purchasing authorization up to \$35,000, President Karesh suggested lowering this to \$15,000. Discussion continued, with the Board suggesting a \$20,000 bid threshold, executive director spending limit of \$10,000 and division head spending limit of \$5,000. The Financial Policy will be on the June Regular Meeting Agenda.

At this point, at 7:21 pm, Commissioner Moffett joined the meeting.

A picture was presented of the Little League Field at Veterans Park, which was recently opened following installation of new sod. Eric reviewed daily projects and reported that seasonal staff has been hired. The new spreader and water tank will be delivered. Finally, Eric reported on vandalism at Ty Warner and Lions parks.
